ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Our Annual Plan is based on the premise that if we accomplish our goals and objectives we will be working towards the achievement of our mission. The plans, statements, budget summary, policies, etc. set forth in the Annual Plan all lead towards the accomplishment of our goals and objectives. Taken as a whole, they outline a comprehensive approach towards our goals and objectives and are consistent with the Consolidated Plan. Here are just a few highlights of our Annual Plan:

- We have adopted three local preferences. They are as follows: For applicants who live and/or work in the jurisdiction, those who are currently enrolled in employment, training program, attending school on a full- time basis, currently working 20 hours a week (this preference is automatically extended equally to all elderly families and persons with disabilities and all families whose head or spouse are receiving income based on their inability to work). In addition, families already receiving housing assistance cannot claim these preferences. Lastly, applicants displaced by the City of Chandler or whose dwelling has been extensively damaged or destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal Disaster Relief Laws.
- We have adopted an aggressive screening policy for public housing to ensure to the best of our ability that new admissions will be good neighbors. In our Section 8 program, we are screening applicants to the fullest extent allowable while not taking away the ultimate responsibility from the landlord. Our screening practices will meet all fair housing requirements.
- We have implemented a deconcentration policy.
- Applicants will be selected from the waiting list by preference and in order of date and time they applied and to meet statutory requirements.
- Federal regulations also require all Public Housing Authorities target 40% if all new admissions and 75% of all new Section 8 program admissions to families at or below 30% of median income.
- We have established a minimum rent of \$50.
- We have established flat rents for all of our developments.
- Our payment standards for the Housing Choice Vouchers are within the basic range of 90 to 110%

In summary, we are on course to improve the condition of affordable housing in the City of Chandler Housing and Redevelopment Division.

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Quality Housing and Work Responsibility Act of 1998 requires that housing authorities set forth in our Annual Plan a Needs Assessment of the housing needs of our jurisdiction and our waiting list. Also, we are required to state how we intend to address these needs.

Above is the information contained in the Housing Needs Section of our waiting list. It shows there is a significant need for additional affordable housing resources in our community. Also, per the requirements, we have attached data and tables that provide an analysis of our waiting list.

The information was analyzed in the following manner. We gathered data from our waiting lists and the City of Chandler Consolidated Plan. Then we looked at this information from the perspective of the required groups and for the factors set forth in the Interim Rule. Finally, we consulted with the creators of the City of Chandler Consolidated Plan to ensure that they agree with our analysis.

The City of Chandler Housing and Redevelopment Division used this analysis to prepare our five-year goals and objectives. It reflects our priorities that we have set forth in our Mission Statement.

While we wish we could meet all the needs that exist in our jurisdiction, we are not optimistic about achieving this lofty goal. Conversely, we are struggling to maintain our existing level of service due to continued cuts in the HUD budgets at the federal level. The problem is that we lack the resources to address our housing needs. Neither the City of Chandler Housing and Redevelopment Division nor the Federal Government has the resources necessary to accomplish our objective. The only practical thing we can do is to apply for the grant opportunities made available by the U.S. Department of Housing and Urban Development over the course of the next year and plan to look at entrepreneurial opportunities. Whenever possible we will respond to HUD NOFAs (Notices of Funding Availability) to increase the amount of affordable housing in the City of Chandler.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- ☒ Employ effective maintenance and management policies to minimize the number of public housing units off-line
- ☒ Reduce turnover time for vacated public housing units
- ☒ Reduce time to renovate public housing units
- ☒ Seek replacement of public housing units lost to the inventory through mixed finance development
- ☒ Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- ☐ Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- ☐ Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- ☒ Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- ☒ Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- ☒ Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- ☐ **Other (list below)**

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- ☒ Apply for additional section 8 units should they become available
- ☐ Leverage affordable housing resources in the community through the creation of mixed - finance housing
- ☐ Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- ☒ Other: (list below). [The City of Chandler will:](#)

1. [Develop and implement a Section 8 Homeownership program.](#)
2. [Explore the possibility of creating additional dwelling units on various public housing sites. Two sites have been identified that could allow for increased densities. They are:
Casa Bonita 73 South Hamilton Street and,
Casa De Rosas 660 South Palm Lane](#)
3. [Access and evaluate non-federal sources of grants and loans to develop affordable housing.](#)
4. [Investigate and possibly manage City owned temporary housing as a short term affordable housing resource.](#)

5. Acquire additional property (improved or otherwise) for future development potential.
6. Look at partnership options to develop affordable housing.

The City of Chandler Housing and Redevelopment Division owns and manages 303 Public Housing units. The Public Housing programs provide opportunities for low-income families and elderly household to rent federally subsidized housing for 30% of their monthly-adjusted gross income. The housing inventory is divided into traditional conventional housing, elderly housing and the scattered sites housing programs.

There are five (5) conventional housing complexes located in the City of Chandler. There are a total of 200 conventional units. The elderly housing is currently composed of 37 apartments located in the City of Chandler. These apartments house individuals who are 62 years or older. The Scattered Sites housing is currently composed of 103 single-family homes located throughout the City of Chandler.

The overall goal of the City of Chandler Housing and Redevelopment division is in accord with the HUD's goal, which is to maintain decent, safe, and sanitary housing conditions for all assisted housing residents. In an effort to preserve the housing conditions, the City has managed an aggressive modernization program to keep the units in good condition.

(1) Eligibility

a. When does the PHA verify eligibility for admission to public housing? (select all that apply)

- ☐ When families are within a certain number of being offered a unit: (state number)
- ☐ When families are within a certain time of being offered a unit: (state time)

☒ Other: (describe) The application process will involve two phases.

1. The first is the "initial" application for admission (referred to as a preapplication). This first phase is to determine the family's eligibility for, and placement on, the waiting list. The preapplication will be dated, time-stamped, and referred to the PHA's office where tenant selection and assignment is processed.
2. The second phase is the "final determination of eligibility for admission" (referred as the full application). The full application takes place when the family reaches the top of the waiting list. At this time, the PHA ensures that verification of all HUD and PHA eligibility factors is current in order to determine the family's eligibility for an offer of a suitable unit.

b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?

If any applicant deliberately misrepresents the information on which eligibility or tenant rent is established, the PHA may deny assistance and may refer the family file/record to the proper authorities for appropriate disposition. (See Program Integrity Addendum in our Administrative Plan).

The PHA may check with the State sex offender registration program and will ban for life any individual who is registered as a lifetime sex offender.

If yes, state circumstances below: The PHA will extend the term up to 60 days from the beginning of the initial term in 30 day increments if the family needs and request an extension as a reasonable accommodation to make the program accessible to and usable by a family member with a disability. If the family needs an extension in excess of 60 days, the PHA will extend the voucher term for the amount of time reasonably required for said reasonable accommodation.

A family may request a written request for an extension of the voucher time period. All requests for extensions must be received prior to the expiration date of the voucher.

Extensions are permissible at the discretion of the PHA up to a maximum of an additional sixty- (60) days primarily for these reasons:

The PHA is satisfied that the family has made a reasonable effort to locate a unit, including seeking the assistance of the PHA, throughout the initial sixty-day period. A completed search record is required.

PHA Procedures for Notification to Families of Hardship Exemptions

The PHA will notify all participant families subject to a minimum rent of their right to request a minimum rent hardship exemption under the law.

The PHA notification will advise the family that hardship exemption determinations are subject to PHA grievance procedures.

The PHA will review all tenant requests for exemption from the minimum rent due to financial hardships.

Requests for minimum rent exception will be accepted by the PHA from the family in writing.

The PHA will request documentation as proof of financial hardship.

The PHA will use its standard verification procedures to verify circumstances which have resulted in financial hardship.

Requests for minimum rent exception must include a statement of the family hardship that qualify the family for an exception.

Exemptions to Minimum Rent

The PHA will immediately grant the minimum rent exemption to all families who request it.

The Minimum Rent will be suspended until the PHA determines whether the hardship is:

Covered by statute

Temporary or long term

If the PHA determines that the minimum rent is not covered by statute, the PHA will impose a minimum rent including payment for minimum rent from the time of suspension.

HUD Criteria for Hardship Exemption

In order for a family to qualify for a hardship exemption the family's circumstances must fall into one of the following criteria:

The family has lost eligibility or is awaiting an eligibility determination for Federal, State, or local assistance;

The family would be evicted as a result of the imposition of the minimum rent requirement;

The income of the family has decreased because of changed circumstances, including:

Loss of employment

Death in the family

Other circumstances as determined by the PHA or HUD

PHA Policy Regarding Hardship Exemption

For purposes of providing the hardship exemption to minimum rent in a fair and consistent manner, the PHA has established policy regarding the above-mentioned HUD criteria.

"Loss of employment" is:

defined as being laid off or terminated through no fault of the employee. Loss of employment does not, for the purposes of exemption to minimum rent, include voluntarily quitting employment.

Temporary Hardship

If the PHA determines that the hardship is temporary (less than 90 days), a minimum rent will be imposed, including back payment from time of suspension, but the family will not be evicted for nonpayment of rent during the 90 day period commencing on the date of the family's request for exemption.

Repayment Agreements for Temporary Hardship

The PHA will offer a repayment agreement to the family for any such rent not paid during the temporary hardship period.

The PHA's policies regarding repayment agreements are further discussed in the chapter entitled "Family Debts to the PHA."

Retroactive Determination

The PHA will reimburse the family for minimum rent charges that took effect after October 21, 1998 that qualified for one of the mandatory exemptions.

[Hardship Requests for an Exception to Minimum Rent](#)

The PHA recognizes that in some circumstances even the minimum rent may create a financial hardship for families. The PHA will review all relevant circumstances brought to the PHA's attention regarding financial hardship as it applies to the minimum rent. The following section states the PHA's procedures and policies in regard to minimum rent financial hardship as set forth by the Quality Housing and Work Responsibility Act of 1998. HUD has defined circumstances under which a hardship could be claimed. (24 CFR 5.630)

Criteria for Hardship Exception

In order for a family to qualify for a hardship exception the family's circumstances must fall under one of the following HUD hardship criteria:

The family has lost eligibility or is awaiting an eligibility determination for Federal, State, or local assistance, including a family with a member who is a non-citizen lawfully admitted for permanent residence under the Immigration and Nationality Act, and who would be entitled to public benefits but for Title IV of the Personal Responsibility and Work Opportunity Act of 1996.

The family would be evicted as a result of the imposition of the minimum rent requirement;

The income of the family has decreased because of changed circumstances, including loss of employment, death in the family, or other circumstances as determined by the PHA or HUD.

PHA Policy Regarding Hardship Exemption

For purposes of providing the hardship exemption to minimum rent in a fair and consistent manner, the PHA has established policy regarding the above-mentioned HUD criteria.

"Loss of employment" is:

defined as being laid off or terminated through no fault of the employee. Loss of employment does not, for the purposes of exemption to minimum rent, include voluntarily quitting employment.

PHA Notification to Families of Right to Hardship Exception

The PHA will notify all families subject to minimum rents of their right to request a minimum rent hardship exception. "Subject to minimum rent" means the minimum rent was the greatest figure in the calculation of the greatest of 30% of monthly adjusted income, 10% of monthly income, minimum rent or welfare rent.

If the minimum rent is the greatest figure in the calculation of Total Tenant Payment, PHA staff will include a copy of the notice regarding hardship request provided to the family in the family's file.

The PHA notification will advise families that hardship exception determinations are subject to PHA review and hearing procedures.

The PHA will review all family requests for exception from the minimum rent due to financial hardships.

All requests for minimum rent hardship exceptions are required to be in writing.
Requests for minimum rent exception will be accepted by the PHA from the family in writing.

The PHA will request documentation as proof of financial hardship.

The PHA will use its standard verification procedures to verify circumstances which have resulted in financial hardship.
Requests for minimum rent exception must include a statement of the family hardship that qualify the family for an exception.

Suspension of Minimum Rent

The PHA will grant the minimum rent exception to all families who request it, effective the first of the following month.

The minimum rent will be suspended until the PHA determines whether the hardship is:

Covered by statute

Temporary or long term

"Suspension" means that the PHA must not use the minimum rent calculation until the PHA has made this decision.

During the minimum rent suspension period, the family will not be required to pay a minimum rent and the housing assistance payment will be increased accordingly.

If the PHA determines that the minimum rent is not covered by statute, the PHA will impose a minimum rent including payment for minimum rent from the time of suspension.

Temporary Hardship

If the PHA determines that the hardship is temporary, a minimum rent will not be imposed for a period of up to 90 days from the date of the family's request. At the end of the temporary suspension period, a minimum rent will be imposed retroactively to the time of suspension.

The PHA will offer a repayment agreement to the family for any such rent not paid during the temporary hardship period. (See "Owner and Family Debts to the PHA" chapter for Repayment agreement policy).

Long-Term Duration Hardships [24 CFR 5.616(c)(3)]

If the PHA determines that there is a qualifying long-term financial hardship, the PHA must exempt the family from the minimum rent requirements for as long as the hardship continues. The exemption from minimum rent shall apply from the first day of the month following the family's request for exemption.

Retroactive Determination

The PHA will reimburse the family for any minimum rent charges which took effect after October 21, 1998 that qualified for one of the mandatory exceptions.

If the family is owed a retroactive payment, the PHA will provide reimbursement in the form of a cash refund to the family.

The PHA's definition of a cash refund is a check made out to the family.

CITY OF CHANDLER HOUSING AND REDEVELOPMENT DIVISION

ADMISSIONS & CONTINUED OCCUPANCY POLICY

L. DECONCENTRATION OF POVERTY AND INCOME-MIXING

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Nothing in the deconcentration policy relieves the PHA of the obligation to meet the income targeting requirement.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Deconcentration and Income-Mixing Goals

The PHA's deconcentration and income-mixing goal, in conjunction with the requirement to target at least 40 percent of new admissions to public housing in each fiscal year to "extremely low-income families", will be to admit families above the PHA's Established Income Range (EIR) to developments below the EIR, and families below the PHA's EIR to developments above the EIR.

Deconcentration Applicability

The PHA has covered developments (general occupancy, family developments) subject to the deconcentration requirement. These covered developments are described in the PHA Plan.

Project Designation Methodology

Annually, the PHA will determine on an annual basis the average income of all families residing in general occupancy developments

The PHA will then determine the average income of all families residing in each general occupancy development.

The PHA will then determine whether each general occupancy development falls above, within or below the Established Income Range (EIR).

The EIR is 85 percent to 115 percent (inclusive of 85 percent and 115 percent) of the PHA-wide average income for general occupancy developments.

The PHA will then determine whether or not developments outside the EIR are consistent with local goals and strategies in the PHA Plan.

The PHA may explain or justify the income profile for these developments as being consistent with and furthering two sets of goals:

1. Goals of deconcentration of poverty and income mixing (bringing higher income families into lower income developments and vice versa); and
2. Local goals and strategies contained in the PHA Plan.

Deconcentration Policy

If, at annual review, there are found to be development(s) with average income above or below the EIR, and where the income profile for a general occupancy development above or below the EIR is not explained or justified in the PHA Plan, the PHA shall list these covered developments in the PHA Annual Plan.

The PHA shall adhere to the following policies for deconcentration of poverty and income mixing in applicable developments:

Skipping a family on the waiting list or transfer list to reach another family in an effort to further the goals of the PHA's deconcentration policy:

If a unit becomes available at a development below the EIR, the first eligible family on the waiting list [or transfer list] with income above the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list [or transfer list] with income above the EIR will be offered the unit. The process will continue in this order. For the available unit at the development below the EIR, if there is no family on the waiting list [or transfer list] with income above the EIR, or no family with income above the EIR accepts the offer, then the unit will be offered to the first eligible family on the waiting list [or transfer list] in preference order regardless of income.

The PHA shall establish a preference for admission of working families in covered developments below the EIR.

The PHA may offer any of the following incentives to families with incomes above the EIR willing to move into a development with average income below the EIR and/or to families with incomes below the EIR willing to move into a development with average income above the EIR:

The PHA may waive the security deposit.

The PHA may pay for utility hookup(s).

The PHA may allow occupancy standards of one child per bedroom.

Deconcentration Compliance

If, at annual review, the average incomes at all general occupancy developments are within the Established Income Range, the PHA will be considered to be in compliance with the deconcentration requirement.

Progress Report on Five Year Plan

The City of Chandler Housing and Redevelopment Division has worked toward achieving the goals outlined in the Five Year Plan. Staff and Council/Public Housing Authority Commission have embraced the challenging steps involved in working toward promoting affordable housing, creating opportunities for economic self-sufficiency and the availability of an affordable living environment free from discrimination.

Progress towards each goal in the 5-year plan (2005)

Goal One: Assist our community by increasing the availability of affordable, suitable housing for families in the low income range, cited as a need in our consolidated plan.

Since 1998, the City of Chandler applied for 150 new fair share-housing vouchers. While the City was largely unsuccessful in its applications to HUD. However, the City was successful in one application to increase the supply of Section 8 vouchers by 50 units. In this period, our Housing Choice Voucher program increased from 430 vouchers to 480 vouchers.

The vacancy rate for Public Housing continued to remain steady, with only a 3% - 4 % vacancy rate over the term. Any significant improvement in the vacancy rate is difficult to achieve, due to the migratory nature of the low-income population that we serve. Staff continues to monitor this area weekly to fill turn units around and fill vacancies as quickly as possible.

In the past, non-dwelling space was converted to dwelling space creating an additional 2-bedroom dwelling unit to our family housing stock. In the current year Housing acquired a 2-bedroom home, completely rehabilitated it and is making it available for a homeownership opportunity. Both Public Housing residents and Section 8 tenants will be notified of the chance to qualify and purchase the home.

The last time approached, the City of Chandler supported two applications from a private developer for an affordable tax credit project to the State of Arizona. One project was funded which preserved and upgraded 127 units of affordable housing.

Goal Two: Manage the City of Chandler Housing and Redevelopment Division's existing assisted housing program in an efficient and effective manner thereby qualifying as at least a standard performer.

At the time of the publication of this report, the City of Chandler, Housing and Redevelopment Division was recognized as a High Performing Housing Authority with a PHAS score of 91 in Public Housing. With the exception of last year and the initial year of an advisory assessment, the Authority has been high performing. The current SEMAP score provided the Authority a High Performer Status with an overall score of 100%. Again, except for the first year of the plan the Section 8 Housing Choice Voucher Program is rated as a High Performer.

In the last five- years, ending FY 2005, the City of Chandler has invested considerable time and resources in training staff to become knowledgeable in the new methods necessary to promote a good work environment for employee that will ultimately benefit the customer. The Housing Authority operates in a fiscally prudent manner, with adequate but dwindling reserves. Management staff is keeping an eye towards diversifying financial interests in our HUD portfolio. Tax Credit projects may play a role in transforming the Housing Authority's revenue stream in the future. This year we are implementing a new housing software program that will help us achieve some future efficiencies and will easily adapt to expanded housing programs.

Staff will continue to work towards expanding the availability and improving the overall quality of the affordable housing stock by continuing to modernize public housing and supporting efforts to improve the overall quality of the general housing stock.

Goal Three: Expand the range and quality of housing choices available to public housing and section 8 participants.

Chandler has expanded the housing programs stock through the creation of housing location maps, landlord outreach and by consistently monitoring the payment standard for the section 8 program. Additionally the public housing homeownership program continues to assist qualified residents to become homeowners. Two year ago, Chandler developed a seven home infill subdivision that provided affordable homeownership opportunities to seven homebuyers. Two of the new homebuyers came from Public Housing. This year the Housing Authority has acquired another home for a homeownership opportunity. The Housing Authority is also implementing its version of the Homeownership Program.

Goal Four: Provide a safe and secure environment in the City of Chandler Housing and Redevelopment Division's public housing.

Through the upgrades and exterior improvements made to the public housing units the tenants have a renewed respect for the developments. Lighting improvements and fencing improvements have increase the overall security of each development. Our flat rent program encourages higher income residents to stay or join the public housing program. Our partnership with the Chandler Police department also provides a direct link to their resources to help screen all tenants and to address and mitigate problems as they arise. The resident council has also become attuned to making suggestions on improving the housing living environment in conjunction with the resident beautification participants.

Goal Five: Expand the range and quality of housing choices available to participants in the Chandler Housing and Redevelopment Division's tenant based assistance program.

We expanded the public housing home ownership program to Section 8 participants and those on the waiting list. We have set systems in place to maintain a voucher utilization rate of 100% and plan to work within the HUD guidelines to maintain 100% utilization of the section 8 vouchers and/or budget. For 2006, this will continue to be one of our biggest challenges.

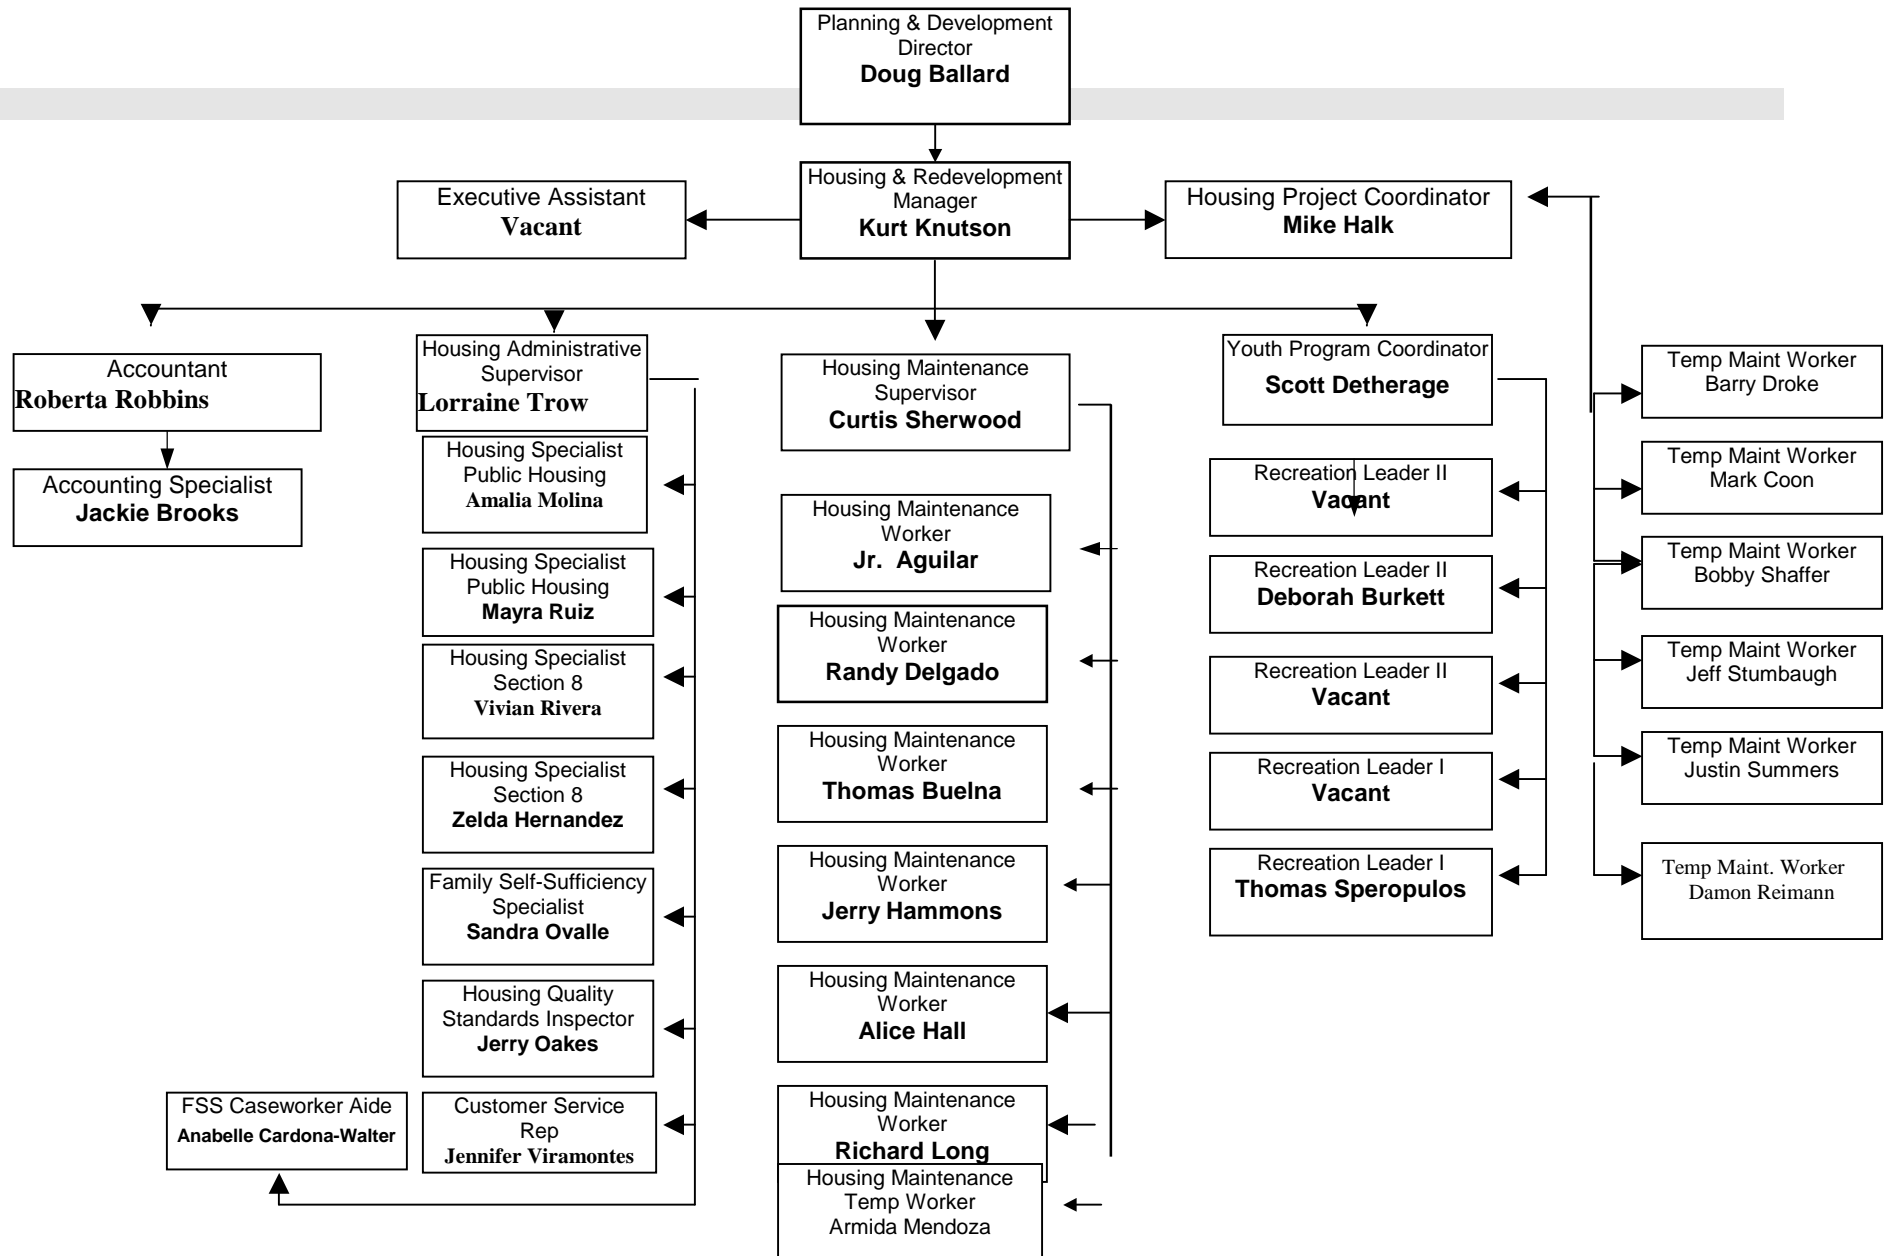

Most discretionary policies and programs are created to promote self-sufficiency of tenants through a system of comprehensive supportive programs. Staff works to assist housing residents that need assistance by matching resources to promote tenant education and self-sufficiency. Our principle mission is "affordable decent, safe, and sanitary housing" in conjunction with meeting HUD rules and policies augmented with preferential local controls. We support this mission through other social service/educational programs, which include the Family Investment Center, Youth Recreation Program, Capital Program and Social Service partnerships. In the last few years staff has boosted this effort by implementing a \$250,000 ROSS grant and partnering with the local Housing Authorities and the Community Colleges to benefit from a Hispanic Serving Institution Assisting Communities. Both of these programs strengthen our existing programs and provide additional links to accredited high education and job training skills.

In 2006 housing staff is hopeful that we will be awarded a new Resident Opportunities for Self Sufficiency (ROSS) grant. This will allow staff in cooperation with the resident council to build upon the program and programs started with the original ROSS grant.
